ACCESSIBILITY FOR ALL, AN OBJECTIVE SHARED BY THE “JACCED.COM” ASSOCIATION AND RENAULT TECH

Renault, through [Renault TECH](#), the company department that converts vehicles for professional and private customers, has signed a partnership with the [Jaccede.com](#) association that works to make urban environments accessible to all. The Jaccede.com guide encourages people with reduced mobility to come out of their isolation and the “Accessibility Days” help to raise public awareness of the issue.

By exchanging banner links between their two sites, the two partners are increasing visibility on the good citizen initiatives of Jaccede.com and the vehicle offer of Renault TECH, which works to enhance mobility for all. Renault TECH will also donate €40,000 to Jaccede.com to help the association in its work.
