ACCIDENT AT SPA

During a historic vehicle demonstration that formed part of the meeting at Spa this weekend, a vehicle struck a youngwoman who was working as part of the organising team, andwho is also a Renault employee.

She was immediately treated by the circuit's medical team, and was conscious while she was taken by ambulance to Verviers hospital.

The organising teams mobilised immediately and worked together with the authorities to manage the consequences of this accident.

The most recent medical update indicates that our colleague sustained injuries to her collarbone and ankle. She should be able to leave hospital soon.
