GROUPE RENAULT AT VIVA TECHNOLOGY: A CONSOLIDATED VIEW OF SHARED MOBILITY

Groupe Renault will present a consolidated view of shared mobility, including the announcement of key partnerships and innovative experimentations, at VIVA Technology, which takes place at Porte de Versailles in Paris, from May 16-18, 2019.

Groupe Renault is preparing a new era of sustainable mobility for all with work on four major areas of innovation, that are strategic and critical to revolutionize the industry: electric mobility, connected mobility, autonomous mobility and the development of new mobility services.

At the end of 2018, Groupe Renault presented 3 concept-cars, EZ-GO, EZ-PRO and EZ-ULTIMO, each illustrating its vision of the future of urban and shared mobility.

In 2019, Renault is continuing to prepare for the future and is consolidating its vision of shared mobility with key partnerships and the management of innovative experiments, in both people transportation and goods delivery.

At VIVA Technology, Groupe Renault will present existing and forthcoming solutions for all the value chain -vehicles, fleet management, mobility platforms and customer applications.

Come and meet with us at VIVA Technology,

16-18 May 2019,

Hall 1, Booth H13

About Groupe Renault

Groupe Renault, which has been making cars since 1898, is now an international corporation with a presence in 134 countries and sales of 3.9 million vehicles in 2018. Today, the company has over 180,000 employees, 36 manufacturing sites and 12,700 sales outlets worldwide.

To meet the major technological challenges of the future while continuing to pursue its profitable growth strategy, the group is focusing on international expansion. To this end, it is drawing on the synergies of its five brands (Renault, Dacia, Renault Samsung Motors, Alpine and LADA), electric vehicles, and its unique alliance with Nissan and Mitsubishi Motors. With its committed 100% Renault team participating in the Formula 1 world championship since 2016, the brand is involved in automotive sports, a true vector of innovation and notoriety.
