RENAULT OPENS ITS SECOND COMPANY CRECHE AT THE TECHNOCENTRE IN GUYANCOURT

Renault has opened a new crèche, “Ma Petite Planète”, reserved for Renault employees. Located three kilometers from the Technocentre in Guyancourt, the crèche welcomes 60 children, aged from 10 weeks to four years old, every day. The new establishment is part of the Group’s efforts to improve working conditions and help employees balance their professional and personal lives.

The crèche was built according to environmental guidelines by Babilou, the French leader in crèches for companies and communities, and Honka, a specialist in energy-saving buildings, while the wooden construction has obtained HQE High Environmental Quality certification. “Ma Petite Planète” is ideal for children’s health and boasts an environmental, economical and sustainable structure, which has earned it the BBC Low Consumption Building label.
