DRAWING COMPETITION AT THE CASABLANCA PLANT (MOROCCO)

As part of the damage prevention plan and the corporate project "Aiming for excellence in Quality", the Casablanca plant in Morocco is organizing a drawing competition between May 3 and 31. The subject of the competition – "Protecting cars in the same way as babies" – was not chosen by chance, since the subject is particularly important for the plant. At the end of May, a jury will select the winning drawing and the plant will organize an exhibition of the best entries for all personnel.
